CLASSIFICATION

Internal Leadership Advisory

Executive Summary & Member Demographics

Key Findings & Recommendations

This report summarizes feedback from **22 active and alumni members** of JCI Aso. Members are enthusiastically engaged, with **100% self-reporting active involvement**. The survey points toward practical priorities for 2027: launching a hands-on **Business Clinic (68.2%)** to support member ventures, building **international partnerships with sister JCI chapters (63.6%)**, improving **member screening and onboarding** to boost attendance at chapter projects, modernizing leadership training, and retiring underperforming initiatives like World Down Syndrome Day.

Strategic Pillars

Individual Development 14 Votes (63.6%)

Community Development 14 Votes (63.6%)

Business & Entrepreneurship 13 Votes (59.1%)

International Opportunity 12 Votes (54.5%)

Insight: The appetite across all 4 pillars is remarkably balanced (>50% each), demonstrating that members seek an integrated experience blending self-mastery, business, and grassroots impact.

Project Performance: Attendance vs. Satisfaction

Comparing 8 JCI Aso Projects Across Turnout & Star Ratings

Project / Programme	Category	Turnout	Attendance Rate	Average Rating	5-Star %	Decision Category
Baba and Yara	Community & Youth	18 / 22	81.8%	4.64 ★	63.6%	★ Top Performer
Secondary School Debate	Education & Youth	12 / 22	54.5%	4.55 ★	68.2%	◆ High Quality
Save a Soul	Healthcare & Community	15 / 22	68.2%	4.27 ★	45.5%	★ Top Performer
International Women's Day	Inclusion & Advocacy	15 / 22	68.2%	4.23 ★	40.9%	★ Top Performer
Membership Development Summit (MDS)	Individual Development	13 / 22	59.1%	4.14 ★	36.4%	▲ Needs Upgrade
Educate a Child	Education & Literacy	11 / 22	50.0%	3.86 ★	40.9%	▼ Consider Retiring
Quality Leadership Value (QLV)	Individual Development	14 / 22	63.6%	3.77 ★	27.3%	▲ Needs Upgrade
World Down Syndrome Day	Health & Inclusion	5 / 22	22.7%	3.23 ★	27.3%	▼ Consider Retiring

Project Decision Matrix (Attendance vs. Satisfaction)

★ TOP PERFORMERS (High Attendance, High Rating) KEEP & SCALE UP

- **Baba and Yara (4.64★ | 81.8% attendance):** The clear favorite in the chapter. Highest turnout and highest ratings.
- **Save a Soul (4.27★ | 68.2% attendance):** Solid community healthcare outreach.
- **International Women's Day (4.23★ | 68.2% attendance):** High public visibility and strong member backing.

◆ HIGH QUALITY (Moderate Attendance, High Rating) GET MORE MEMBERS INVOLVED

- **Secondary School Debate (4.55★ | 54.5% attendance):** Second-highest rated project in chapter history, but only about half of members attended. Can expand reach to schools across Abuja.
- **Membership Development Summit (4.14★ | 59.1% attendance):** Great feedback; add interactive leadership tracks to boost turnout.

▲ NEEDS UPGRADE (High Attendance, Rating Below 4.0) REFRESH & IMPROVE

- **Quality Leadership Value (QLV) (3.77★ | 63.6% attendance):** Lots of members attend, showing they really want leadership training, but the satisfaction score dipped below 4.0. Needs an engaging makeover with interactive masterclasses instead of lectures.

▼ CONSIDER RETIRING (Low Attendance, Lowest Rating) RETHINK OR STOP

- **Educate a Child (3.86★ | 50.0% attendance):** Needs better student tracking and measurable results.
- **World Down Syndrome Day (3.23★ | 22.7% attendance):** Lowest attendance and lowest rating; members specifically recommended stopping this project to save time and money for better initiatives.

Projects to Reconsider & What Members Value Most

Retiring Low-Performing Projects & Understanding Member Value

Project Recommended to Retire: World Down Syndrome Day

3 Direct
Votes

When asked which project JCI Aso should discontinue, **World Down Syndrome Day (WDSD)** was the only program explicitly flagged by multiple members. This matches the data: it had the lowest turnout in the chapter (**22.7% attendance**) and the lowest score (**3.23★ rating**).

“Unless we are channeling our efforts towards schools or campuses where people with Down syndrome are abundant and directly interacting with them by providing every support when necessary, it’s one project I feel we should use the resources for another activity.”

— Active Member (R003, 1–3 Years in JCI Aso)

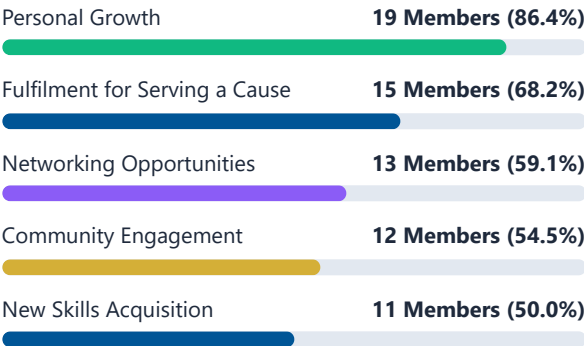

Our Recommendation:

Do not run World Down Syndrome Day as a standalone project in 2027. Reallocate volunteer hours, energy, and chapter funds directly into the new *Business Clinic* and community health outreaches.

What Members Gained from Participating

Member
Growth

Evaluating benefits gained demonstrates where JCI Aso creates genuine life impact for its membership.

Member Voices on Project Impact & Follow-Up Mechanisms

Qualitative Analysis

“Satisfied, but I believe more can be done, like follow-ups especially for events like the IWD & MDS to measure up long-term community impact.”

— Response R002 (Active Member, 1–3 Years)

“Not yet satisfied!! More work needed on depth and execution!”

— Response R004 (Active Member, 1–3 Years)

Key Takeaway: Members no longer want one-off ceremonial projects. The leadership must introduce *Post-Project Impact Tracking (PPIT)* across flagship initiatives (IWD, MDS, Save a Soul) to demonstrate enduring community value to donors and partners.

2027 Strategic Priorities & Member Voices

Mapping Future Program Demands and Operational Innovations

Proposed New Programs for 2027

Member Vote

1. Business Clinic

15 Votes (68.2%)

SME incubation, pitch sessions, tax/legal advisory

2. International Exchange Programme

12 Votes (54.5%)

Twin-chapter collaborations & cross-border exchanges

3. Healthcare and Wellness

11 Votes (50.0%)

Preventative health screenings, wellness camps

4. Digital Skills Academy

10 Votes (45.5%)

AI tools, coding, digital marketing for youth

Economic Dev: 8 (36.4%)

Execution Model

International Collaborations

14 (63.6%)

Strategic Partnerships (NGOs/Corp)

14 (63.6%)

Grant Research & Funding Pipelines

12 (54.5%)

Technology-Enabled Projects

12 (54.5%)

Focus on Sustainable Development (SDGs)

11 (50.0%)

Operational Shift: Members demand an end to self-funding deficits by pursuing external corporate alliances and institutional development grants.

What Members Are Saying: Main Feedback & Ideas

Direct Quotes

1. Better Screening for New Members

"More of onboarding, I think this should be stricter to ascertain quality of members and commitment."

Action: Introduce a simple 30-day trial period.

2. Improving Member Attendance

"Membership participation in indigenous LO projects. Members do not attend in their numbers; if worked on, Aso will reach more intending members."

Action: Set committee attendance targets.

3. Mentorship with Past Leaders

"There should be an avenue creation where younger members can meet older members, past presidents and senators."

Action: Regular mentoring dinners with Senators.

5 Key Priorities & Quarterly Roadmap for 2027

Practical, Step-by-Step Actions for the Incoming 2027 Board

- 01

Priority 1: Launch the JCI Aso Business Clinic

Responding directly to the #1 requested program (68.2%), establish a regular Business Clinic where member-entrepreneurs get practical advice on business registration, financial planning, pitch presentations, and one-on-one mentorship from experienced business leaders.

Lead: VP Business & Entrepreneurship

Target: 4 Clinics, 40+ Businesses Supported
- 02

Priority 2: Secure Corporate Sponsorships & Grants

Set up a dedicated team to pursue corporate partnerships and CSR funding (backed by 63.6% of members). This will eliminate out-of-pocket member levies for major projects like Save a Soul and the Secondary School Debate.

Lead: Director of Strategic Partnerships

Target: 3 Corporate Partners, 2 Grants Won
- 03

Priority 3: Retire World Down Syndrome Day & Upgrade QLV Training

Officially retire World Down Syndrome Day to free up energy and funds for the new Business Clinic. Upgrade Quality Leadership Value (QLV) from lecture-style sessions into lively, practical workshops, raising member satisfaction from 3.77★ to over 4.50★.

Lead: VP Individual Development

Target: QLV Rating > 4.50★
- 04

Priority 4: Start a Mentorship Program with Senators & Past Presidents

Connect the 54.5% of members in their first 1–3 years with experienced Alumni, Senators, and Past Presidents. Hold quarterly informal dinners focused on career growth, leadership advice, and JCI traditions.

Lead: Immediate Past President & Alumni Liaison

Target: 4 Mentoring Sessions, All New Members Paired
- 05

Priority 5: Improve New Member Onboarding & Event Promotion

Require a 30-day orientation period before induction to make sure new members are genuinely committed and ready to attend events. At the same time, boost social media storytelling so the public sees the great work JCI Aso is doing.

Lead: VP Membership & Director of PR

Target: 80%+ Active Attendance by Inducted Members

2027 Quarterly Implementation Roadmap

Quarter	Key Strategic Milestones	Flagship Project Execution	Accountability
Q1 2027	Onboarding overhaul; Form Grant Committee; Business Clinic #1	Secondary School Debate Prelims	President & Board
Q2 2027	International Twin-Chapter MoU; Senators Roundtable #1	International Women's Day & Save a Soul	VP Community / PR
Q3 2027	Revamped QLV Masterclass 2.0; Business Clinic #2	Secondary School Debate Grand Finale	VP Individual Dev
Q4 2027	Alumni Gala; Year-End Impact Report; Business Pitch Night	Baba and Yara 2027 Flagship	General Assembly
